FEATURES

The S.T. Dupont Slimmy Diamond Head Chrome lighter (Reference 028120) represents a flawless synthesis between the Maison's century-old metal-engraving heritage and modern, ultra-thin engineering. The sleek, incredibly lightweight silhouette of the Slimmy line is beautifully sculpted with the historic 'Diamond Head' pattern. This precise guilloché work captures and refracts light from every angle, turning the high-polished chrome-plated surface into a dynamic display of architectural reflections while providing a secure, pleasant, and tactile grip. Beneath its magnificent textured exterior lies a highly reliable engineering core: the advanced internal burner generates a powerful, wind-resistant single blue torch flame, tailored to deliver a swift and uniform light under any circumstances. Melding a traditional geometric motif with sharp contemporary lines, it stands as an elite pocket accessory for enthusiasts of uncompromised French luxury.
