Dupont Haute Création invites you to embark on a luxurious journey through time. Be one of the first to own these iconic pieces, which breathe life into the very spirit of Notre Dame de Paris, a legacy that transcends time and invites you to dream in the pages of history.

Here we are in the cobbled streets of Paris, on the Île de la Cité, where the majestic silhouette of Notre Dame de Paris stands. Four chimeras greet us on the forecourt, the imposing white bronze patinated base of an exceptional Le Grand Dupont. Finely chiselled by the expert hands of the house's master goldsmiths, the base and lighter (silver finish) feature Gothic architectural ornaments and details with astonishing precision. A tribute to Notre Dame de Paris and its extraordinary history would be incomplete without its centrepiece, this stained glass inspired by the work of medieval master glaziers. Reinterpreted by S.T. Dupont's lacquer artisans, the stained glass of this Notre Dame de Paris collection amazes with its vibrant hues and celestial appearance.
