Dunhill The White Spot County Sandblasted Pipe 2019 - Group 5 Ring Grain, Quarter Bent

*Dunhill, under its iconic **The White Spot** trademark, stands among the most prestigious names in English pipe making. Founded by Alfred Dunhill, the brand has become synonymous with excellence, impeccable briar selection, and innovation. Dunhill was also the first to introduce and refine sandblasted finishes in pipe making, a technique that has since become a benchmark of quality and style worldwide.*

This **Dunhill County Sandblasted pipe**, produced in **2019**, belongs to **Group 5 in a circle**. The medium-sized quarter bent shape offers a perfect balance between elegance, comfort, and everyday usability.

The County sandblasted finish enhances the natural structure of the briar, highlighting its grain and giving the pipe a bold yet refined appearance. The rim of the bowl is left smooth and rounded, creating an elegant contrast with the textured surface.

The cumberland stem completes the design with a classic and refined touch: durable, comfortable to clench, and distinguished by its warm, variegated tones.
