Handcrafted pipe made by Nicola Pirocco, an apprentice of the Accademia della Pipa, an institution founded to preserve the Italian tradition of high-end pipe making through the direct teaching of master founders Mimmo Romeo, Gabriele Dal Fiume, Davide Iafisco, and Gioacchino Sauro.

This elegant Billiard pipe stands out for its smooth natural finish, which highlights the wood grain, and for its harmonious medium

proportions, ideal for a balanced and comfortable smoking experience. The army-style stem connection provides practicality, strength, and a distinctive aesthetic character.

The lively and refined design is enhanced by an Elforyn accent, a premium material used as a fine ivory substitute, paired with a marbled blue acrylic stem that gives the piece personality and uniqueness.

Each pipe is a unique creation, handcrafted with care and close attention to detail.
