Valbruna Smooth Blue Calipso 1 Jellyfish Pipe – Handmade by Simone Gaudenzi, Curved Squat Tomato Shape

A pipe signed by Simone Gaudenzi under the **Valbruna** brand, crafted by the Marche-based artisan who lives and works in the bright coastal setting of Gabicce Mare.

The **Calipso 1 Jellyfish** stands out for its free-flowing and harmonious shape, inspired by a squat tomato with an elongated shank, giving the pipe an elegant and elongated profile. The curved

line ensures a natural and comfortable grip while enhancing the refinement of the overall design.

The smooth finish highlights the quality of the briar and features a striking original modern blue color, giving the pipe a unique and immediately recognizable character. The small-sized bowl features a flat rim and a slightly tapered drilling, designed to ensure a balanced and even burn.

The Cumberland fishtail stem completes the composition with comfort, durability, and a classic yet sophisticated aesthetic touch. The result is a pipe with strong visual impact, perfect for those seeking a distinctive and contemporary handcrafted piece.
