The Ser Jacopo Picta Picasso is one of the most iconic artistic series from the Italian workshop, inspired by the creative genius of Pablo Picasso and his ability to reinterpret shapes and perspectives. Each pipe in the Picta line combines traditional craftsmanship, aesthetic research, and a strong expressive identity, turning every piece into a unique and collectible object.

This shape 23 model in smooth L1 C finish stands out for the natural

elegance of the briar and the meticulous workmanship that highlights the wood's surface, enhancing its grain and warm tones. The pipe features a medium-to-large size, designed for a slow and satisfying smoking experience.

The generously sized bowl, with a cylindrical inner drilling, ensures an even and consistent burn of the tobacco, enhancing its aromas and nuances. The acrylic mouthpiece provides durability, stability, and comfort in use, while the finely worked silver band adds a refined and distinctive detail typical of Ser Jacopo craftsmanship.

The shape is an artisanal reinterpretation of the classic billiard, featuring a slightly "chubby" oval shank and a subtle quarter-bent curve, improving ergonomics and balance in hand. The result is a harmonious, elegant pipe that perfectly blends tradition with contemporary creativity.
