Il Ceppo 1 Pipe: Black Sandblasted Semi-Bent Apple (9mm Filter)

*Discover the excellence of Pesaro's pipe-making tradition with this **Apple** shape interpretation by **Il Ceppo**. This handcrafted Italian pipe combines classic design with contemporary details, offering a refined, high-quality smoking experience.*

Brand History: Il Ceppo

*Born in the heart of the Pesaro pipe district in the late 1970s, the **Il Ceppo** brand is synonymous with pure aesthetics and attention to detail. Founded by Giorgio Imperatori and masterfully carried forward today by Franco Rossi, Il Ceppo is renowned for enhancing the briar through harmonious shapes that respect Italian tradition while introducing distinctive modern elements.*

Design and Finish: Textural Contrasts

*This pipe features a deep, well-defined **black sandblasted** finish that highlights the temper of the briar while ensuring a secure grip and optimal heat management.*

- ***Apple Shape:** The rounded, inviting lines of the bowl blend perfectly with the slight curvature of the shank, making the pipe balanced and comfortable both in the hand and between the teeth.*
- ***Easy Load Rim:** The top edge of the bowl (**rim**) features an **easy-load** bevel to facilitate packing the tobacco. It has been left **smooth** with a natural finish, creating a sophisticated color contrast with the black body of the pipe.*

Technical Features

- ***9mm Filter:** Designed for those who prefer a cooler, drier smoke, this pipe is bored to accommodate 9mm filters (activated carbon or balsa).*
- ***Acrylic Stem:** Crafted from high-polish black acrylic, the stem is embellished with the **signature white "C"**, the hallmark that guarantees the authenticity and prestige of Il Ceppo.*
- ***Conical Bore:** The **medium-sized bowl** features a slightly conical bore toward the bottom, a technical choice that promotes a consistent burn.*
