1. Length	111 mm / 4.37 inch
2. Bowl height	38 mm / 1.50 inch
3. Outside diameter	44 mm / 1.73 inch
4. Chamber diameter	20 mm / 0.79 inch
5. Chamber depth	28 mm / 1.11 inch
 Weight	36.20 gram / 1.28 oz

Filter	NO
Condition	New
Country	Italy
Brand	L'Anatra
Model	Freehand
Finish	Smooth
Shape	Bent
Material	Briar-root
Stem	Acrylic
Original bag	of the manufacturer
Original box	of the manufacturer

FEATURES

Hand Made in Italy

Free gift wrapping is included

L'Anatra dalle Uova d'Oro Pipe - Freehand Stand Up (Full Bent)

L'Anatra dalle Uova d'Oro: Italian Tradition and Creativity

The **L'Anatra dalle Uova d'Oro** brand holds a prominent position in the world of Italian artisan pipe making. Founded with the goal of blending the technical rigor of the great pipe-making tradition with

an unconventional creative flair, the workshop has distinguished itself over the years for its ability to bring original shapes to life. Every L'Anatra pipe is the result of patient manual labor, transforming a raw block of briar into an object of unique character.

Design and Innovation: The Stand Up Concept

This piece represents a perfect synthesis of compactness and design engineering. It is a **small-sized freehand** pipe, yet it is crafted with such harmonious proportions that it conveys an immediate sense of both solidity and grace.

- **The Pedestal Illusion:** The distinctive feature of this pipe is its **full bent stand up** nature. The lower part of the bowl has been skillfully sculpted to create a pedestal carved directly into the briar, allowing the pipe to stand independently. The visual effect is striking: it appears as if the bowl—which flares upward with lines reminiscent of the classic **Dublin** shape—is resting delicately upon this architectural base.
- **The Stem:** Completing the silhouette is a high-quality **acrylic stem**, featuring a **slightly fishtail** profile.
- **The Bowl:** With a **medium-small capacity**, it is the ideal companion for moments of relaxation dedicated to premium tobacco blends, ensuring an optimal smoking duration for its size.
- **Drilling:** The combustion chamber is **cylindrically drilled**.
