### FEATURES

Handmade in Italy (made in 2026)

Free gift wrapping is included

#### **Radice Silk Cut Pure Pipe - Sandblasted Liverpool**

The **Radice Silk Cut Pure** classification identifies a selection of artisanal pipes where the sandblasted finish meets a flawless quality of briar, capable of revealing structural details of extraordinary value. This model is a **Liverpool** shape, featuring medium proportions but a compact longitudinal development.

*Craftsmanship and Aesthetic Details*

The pipe is finished with a **delicate and extremely detailed**

**sandblasting.** This type of workmanship, executed with artisanal precision, respects the density of the wood, highlighting a magnificent **birdseye** pattern clearly visible on the cheeks of the bowl.

The chromatic and tactile impact of the briar pairs elegantly with the choice of stem: crafted from **marbled brown acrylic**, it features a **tapered** profile that ends with a subtle **fishtail** lip, combining a sleek line with excellent palate comfort.

#### Shape Geometry and Internal Engineering

The Liverpool shape stands out for its characteristic long, cylindrical shank paired with a short stem. In this Radice interpretation, the overall dimensions are calibrated to offer a compact pipe, ideal for both armchair smoking and use on the go.

- **Bowl:** Medium capacity, suitable for a wide range of tobacco blends.
- **Internal Drilling:** The combustion chamber features a regular **cylindrical drilling that becomes slightly conical at the bottom.**

#### Technical Specifications Summary

##### **Feature Specifications**

**Brand** Radice (Made in Italy)

**Line / Classification** Silk Cut Pure

**Model / Shape** Liverpool (compact)

**Dimensions** Medium

**Finish** Delicate and detailed sandblasted (evident birdseye)

**Drilling** Cylindrical, slightly conical at the bottom

**Stem Material** Marbled brown acrylic (Tapered / subtle Fishtail)

**Collector's Note:** The "Pure" designation within the Silk Cut line certifies the absolute purity of the briar beneath the sandblasting.
