The Big Ben Odeon Black Matte 502 Bent pipe with a silver band and ebonite mouthpiece stands out for its contemporary aesthetics and strong visual impact. This model is developed on the harmonious Bent Apple shape, characterized by a full, rounded, and welcoming bowl that fits naturally into the hand's grip, while offering excellent thermal insulation. The 'Black Matte' finish coats the smooth briar

with an extremely clean, velvety-to-the-touch matte black shade that accentuates the soft, rounded lines of the bowl. The minimalist design is enriched by a bright silver band that embellishes the shank, marking the transition to the black ebonite mouthpiece—a material preferred by many smokers for its softness between the teeth. From a technical standpoint, removing the mouthpiece reveals an internal shank drilling executed to the millimeter.
