Ser Jacopo Delecta S2 C Pipe: Classic Elegance and High-Craftsmanship Details

*This model is developed around the shape of a medium-sized **Straight Apple**, one of the most traditional and appreciated shapes due to its comfortable grip and clean lines.*

The body of the pipe is enhanced by a **fine and deep sandblasting**, which highlights the natural grain and the harder ridges of the briar.

The true visual centerpiece of this model lies in the complex and refined work executed on the shank and the stem:

- **Faux-Amber Acrylic Inserts:** Both the band (ferrule) applied to the shank and the traditional tapered stem are made of a premium acrylic that evokes the warm tones and translucency of natural amber.
- **The Silver Detail:** Elegantly interrupting the transition between the band and the stem is a **silver ring**. This element, intentionally crafted with a **smaller diameter** than the adjacent parts, creates a visual and volumetric contrast of great value, underlining the tailored approach of the Ser Jacopo workshop.
- **Capacious Bowl:** Despite the pipe's overall medium size, the bowl offers a generous capacity, suitable for satisfyingly long smoking sessions.
- **Combined Internal Drilling:** The combustion chamber features a **cylindrical drilling** throughout the main section, which becomes **slightly conical at the bottom**.

Note for the smoker: Like every Ser Jacopo creation, this model from the Delecta series embodies the famous philosophy "Per Aspera ad Astra". It is a smoking instrument designed for those who appreciate the balance between a classic shape and the inclusion of complex construction details, capable of embellishing the silhouette without altering its functionality.
