### FEATURES

Hand Made in Italy

Free gift wrapping is included

#### **Ser Jacopo S2 Pipe: Harmony of Lines and Tailored Geometries in a Bent Pear**

*The Marche-based workshop Ser Jacopo dalla Gemma is internationally recognized for its ability to infuse a distinct personality even into the most classically inspired shapes. This artisanal Italian pipe, distinguished by the **S2** classification, stands out for its sophisticated design and accurate geometric research, offering a perfect marriage of ergonomics, technical performance, and formal elegance.*

### *Model Aesthetics and Briar Craftsmanship*

The pipe is modeled around the gentle, rounded lines of a medium-sized **Bent Pear** bowl. Its silhouette is characterized by a fluid and smooth transition of forms.

The body of the piece is enhanced by a **light sandblasting**. This finish allows the natural pattern of the grain to emerge in a delicate relief, while simultaneously offering an extremely pleasant and silky tactile feedback when held.

The true element of structural distinction lies in the conformation of the shank and the stem:

- **Oval-section shank with flat flanks:** The line of the shank is not cylindrical but tends toward an oval, characterized by two geometrically defined flat sides.
- **Formal continuity on the stem:** This lateral flatness continues with absolute precision and stylistic continuity along the entire length of the standard **black acrylic** stem.
- **The trademark:** Standing out on the top of the stem is the iconic hand-applied **silver "J"**, the symbol of authenticity and craftsmanship unique to the Pesaro workshop.
- **Capacious bowl:** The rounded head houses a fairly capacious combustion chamber, ideal for holding a generous tobacco load and ensuring smoking sessions of satisfying duration.
- **Combined internal drilling:** The bowl features a **cylindrical drilling** in the main section, which evolves into a **slightly conical geometry at the bottom**.

### *Technical Specifications*

#### **Feature Specifications**

**Brand** Ser Jacopo dalla Gemma

**Classification** S2

**Model / Shape** Bent Pear

**Finish** Light sandblasted (Pleasant to the touch)

**Size** Medium

**Structural Feature** Oval shank with flat flanks continuing onto the stem

**Stem** Standard in black acrylic with silver "J"

**Bowl Drilling** Cylindrical (slightly conical at the bottom)
