Finish	Sandblast, Semi Sandblasted
Shape	Half bent
Material	Briar-root
Stem	Acrylic
Original bag	of the manufacturer
Original box	of the manufacturer

FEATURES

Handmade in Italy

Free gift wrapping is included

Caminetto Handcrafted Sandblasted Pipe - Group 6 Half-Bent "Cobra" Shape

*This Group 6 creation offers a highly successful interpretation of the famous **Cobra** shape, expressed through a half-bent silhouette of extraordinary fluidity.*

- **The "Cobra" Silhouette:** The bowl of the pipe develops along taut, sweeping lines that visually evoke the proud,

sinuous silhouette of a cobra. The design seamlessly blends into the shank, creating a harmonious, dynamic, and visually light ensemble despite its significant physical presence.

- **The Tobacco Chamber:** *The bowl houses a capacious chamber. The drilling is cylindrical.*
- **Fine Sandblasting:** *The surface of the bowl and shank is treated with a fine and elegant sandblasting. This technique not only emphasizes the structural grain patterns of the deep briar but also increases the heat dissipation surface, promoting a cool smoke and a secure, pleasant grip.*
- **The Smooth Rim:** *In contrast with the textured body of the pipe, the top rim of the bowl is left completely smooth.*
- **The Stem:** *The pipe is completed by a standard black acrylic stem. Acrylic ensures total color durability over time, resistance to bite marks, and a deep gloss that perfectly matches the dark tones of the sandblasted finish.*
