Dunhill The White Spot County Group 4 Pipe - Straight Apple Shape (Year 2025)

The Dunhill The White Spot pipe in the County finish presented here stands out for the rarity of its shape. This specific model, designated as a size Group 4 (indicated by the numerical stamp inside the classic circle), offers a unique combination of fresh aesthetics and the rigorous construction quality typical of the historic English

manufacture.

An Uncommon Shape and Recent Production

The pipe features a medium-sized Straight Apple shape. It is a design with clean, youthful lines that, while maintaining classic elegance, is not easily found, as it is rarely offered by Dunhill, especially on the Italian market.

The piece is from a recent production: the shank is stamped with the number 25, certifying its year of manufacture as 2025.

- **Bowl and Sandblast:** *The bowl is quite spacious, featuring a regular cylindrical chamber. The outer surface is finished with the famous sandblast of the County line, which highlights the natural texture of the briar.*
- **The Silver Band:** *A smooth 6mm silver band mounted on the shank provides a striking contrast and brightness. The band bears the official hallmarks **AD** (Alfred Dunhill) and **Ag925**, guaranteeing the authenticity and purity of the precious metal.*
- **The Stem:** *Crafted from refined Cumberland, it features a tapered line that flows into a slight fishtail profile, engineered to offer maximum comfort.*

Distinguished Note: *The County finish, combined with the Apple shape and the hallmarked silver band, gives this 2025 model a contemporary and dynamic aesthetic. Since the parent company rarely reserves this silhouette for the national market—often keeping it for limited or non-continuous runs—it represents a remarkable opportunity for lovers of The White Spot craftsmanship.*
