

Ser Jacopo L2 Smooth Natural Bent Pipe

Cod. Ser Jacopo 2302

EUR 390,00 / taxfree 319,67

TECHNICAL SPECIFICATIONS

1. Length	95 mm / 3.74 inch
2. Bowl height	51 mm / 2.01 inch
3. Outside diameter	38 mm / 1.50 inch
4. Chamber diameter	20 mm / 0.79 inch
5. Chamber depth	50 mm / 1.97 inch

Weight	38.60 gram / 1.36 oz
--------	----------------------

Filter	NO
Condition	New
Country	Italy
Brand	Ser Jacopo
Finish	Smooth
Shape	Bent
Material	Briar-root
Stem	Acrylic
Original bag	of the manufacturer
Original box	of the manufacturer

FEATURES

Hand Made in Italy

Free gift wrapping is included

Ser Jacopo L2 Pipe - Cavalier / Oom Paul Stand-Up with Bulldog Bowl

The Pesaro-based manufacturer **Ser Jacopo dalla Gemma** is renowned for its ability to challenge the classic canons of briar through bold geometries and flawless technical execution. This model, part of the prestigious **L2** grading, features a smooth natural finish that highlights the premium quality of the briar grain. The shape is an extraordinary and complex artisanal interpretation that blends the lines of a **Cavalier** and a full-bent **Oom Paul**, enriched by unique formal details and a striking structural personality.

Geometries and Structural Features

The architecture of this piece combines elements from different historical shapes, resulting in a hybrid design of great character and solidity:

- **Brand:** Ser Jacopo dalla Gemma (Handmade in Pesaro, Italy)
- **Model:** Cavalier / Full-Bent Oom Paul (Stand-up)
- **Grading:** L2 (Smooth Natural)
- **Bowl Engineering:** Capacious with a cylindrical chamber (slightly conical at the bottom)
- **Stem:** Black acrylic saddle stem with a fishtail bit

Design Details and Aesthetic Identity

The pipe stands out for three key structural elements that define its aesthetics and balance:

- **The Canted Bulldog Bowl:** The upper part of the bowl echoes the characteristic geometric lines of the **Bulldog** shape, highlighted by twin parallel score lines engraved into the briar around its circumference. Furthermore, the bowl is forward-leaning (**canted**), a detail that injects visual dynamism into the entire silhouette.
- **The Autonomous Stand-Up Feature:** Despite the pronounced curvature, the base of the bowl has been shaped with a flat profile. This clever design allows the pipe to sit perfectly balanced on its own when placed on a flat surface, combining the convenience of a **stand-up** with the dramatic presence of a deep full-bent pipe.
- **The Stem and the Silver "J":** The saddle stem is engineered to lighten the line of the shank while offering optimal comfort between the teeth thanks to the slight **fishtail** lip. Embellishing the top of the black acrylic is the famous **silver letter J**, the emblem of authenticity and of Pesaro's historic artisanal tradition.

Technical Smoking Performance

The bowl is remarkably spacious, making it ideal for blends that require a slow burn and a generous expansion chamber. The **internal drilling is cylindrical** for nearly the entirety of its height, tapering into a **slight cone shape at the bottom**.
