Technical Specifications and Design Details

*The **Big Ben Odeon 819 Tan Polished** is a medium-to-large straight pipe characterized by clean lines and a timeless silhouette.*

- ***Architecture and Shape:** The structural design develops along a straight line that provides a solid yet slender presence. The bowl, featuring a rounded and compact profile, adds formal sturdiness and excellent stability when held.*
- ***Briar Finish:** The Tan Polished finish (high-gloss light brown) enhances the natural grain and birdseyes of the briar, offering a warm tone and a lustrous aesthetic appearance that lasts over time.*
- ***Details and Finishes:** The junction between the shank and the stem is embellished with a refined **silver band**, which creates a bright accent and an elegant color contrast with the warm tones of the wood.*
- ***Internal Engineering and Chamber:** The tobacco chamber stands out for its generous capacity, making it ideal for extended smokes. The internal drilling is precisely **cylindrical** to ensure a regular draw and an even combustion. The shank is designed to accommodate a **filter**.*
- ***Stem:** The model is equipped with a black **acrylic saddle stem**, a material chosen for its colorfastness over time and resistance to oxidation, ensuring optimal comfort on the palate.*
