Big Ben Vintage 599 Tan Polished Pipe – Lightly Bent Dublin with Gold Accents

The Big Ben Vintage Collection: A Historical Heritage

*The **Vintage** series holds a unique value for connoisseurs of the historic Dutch brand **Big Ben**. This collection is composed of bowls belonging to the manufacture's "old collection," carefully preserved and stored over time. Today, these vintage briar stummels are*

finished by combining modern production techniques with the highest craftsmanship. The result is a smoking instrument with an authentic character—elegant and rich in history—that merges the charm of the past with contemporary manufacturing precision.

Technical Specifications and Design Details

*The **Big Ben Vintage 599 Tan Polished** model stands out for its refined aesthetics and slender lines inspired by the classic Dublin shape.*

- ***Architecture and Shape:** The pipe is configured as a Dublin model characterized by a very subtle, light bend. The slender silhouette and fluid lines give the piece a sleek, lightweight, and timeless appearance.*
- ***Briar Finish:** The **Tan Polished** finish (high-gloss light brown) enhances the warm tones of the briar, keeping the natural grain and flame perfectly visible beneath a brilliant, smooth surface.*
- ***Shank Details:** The junction between the shank and the stem is embellished with a refined insert consisting of **three small gold-colored rings**. This chromatic detail creates a sophisticated accent that contrasts elegantly with the warm tones of the wood and the black stem.*
- ***Internal Engineering and Chamber:** The tobacco chamber stands out for its generous capacity, making it ideal for extended smoking sessions. The internal drilling is executed with a **slightly conical** precision, a geometry engineered to follow the natural progression of the tobacco combustion. In keeping with classic traditions and the original specifications of the series, the pipe is **filterless**.*
- ***Stem:** The model features a classic **black ebonite tapered stem** with a **fishtail** bit. The choice of ebonite respects the historical accuracy of the Vintage line, offering optimal comfort on the palate thanks to the softness of the material between the teeth.*
