Finish		Smooth
Shape		Bent
Material		Briar-root
Stem		Ebonite
Ornament		Horn
Original bag		of the manufacturer
Original box		Al Pascià

FEATURES

Handmade in Italy

Free gift wrapping is included

MG Pipes by Manuele Giuseppe Morassut – Smooth Full Bent Apple

*Fine Italian craftsmanship finds an expression of rare elegance in the creations of **Manuele Giuseppe Morassut**, who signs his work under the brand name **MG Pipes**, easily recognizable by its distinctive and charming hedgehog logo. This pipe represents a personal, fluid, and sophisticated interpretation of the*

*classic **Apple** shape.*

The Connection to the Territory: Sesto al Reghena

*Every MG Pipes creation takes shape in **Sesto al Reghena**, a historical gem located in Friuli-Venezia Giulia, a short distance from the border with Veneto, between the towns of Portogruaro and Pordenone. Officially listed among the Borghi più belli d'Italia (The Most Beautiful Villages of Italy), Sesto al Reghena is one of the most fascinating and best-preserved medieval centers in Northern Italy, famous for its thousand-year-old Abbey of Santa Maria in Silvis. The timeless atmosphere, the meticulous attention to detail, and the rich history of this location are reflected in the calm and rigorous approach that Morassut dedicates to the manual shaping of each individual briar block.*

Design, Lines, and Premium Materials

*The model stands out for its medium-sized **full bent** silhouette, characterized by an extremely fluid and elegant line.*

- ***The Rim (Top Border):** The bowl features an **Easy Load** finish—a slight beveling or flare on the rim of the chamber that significantly eases the tobacco packing process.*
- ***The Band / Extension:** A striking element of artisanal distinction, the shank is enhanced by a **warthog tusk** insert. This organic material creates a unique visual contrast, shifting through natural tones that range from ivory white to amber hues.*
- ***The Stem:** Crafted from high-quality black ebonite, entirely **hand-cut from rod stock**. It features a **standard tenon** and a **fishtail** shape to ensure a comfortable bite and a linear airflow.*
- ***Medium-Capacity Chamber:** A versatile internal volume, ideal for everyday smoking.*
- ***Slightly Conical Drilling at the Bottom:** The cylindrical tobacco chamber narrows precisely towards the bottom.*

Technical Specifications Summary
