FEATURES

S.T. Dupont Slim 7 Lighter Géode Agate – Chrome Finish

*Mysterious and captivating, geodes inspire a refined collection by **S.T. Dupont**. This line celebrates the beauty of the mineral world through two deep tones: a vibrant green reminiscent of malachite, a symbol of protection and energy, and a deep blue evoking **agate**, a stone long associated with harmony, stability, and balance.*

Just like the precious stones that inspire it, each creation in the Géode collection reflects the artisanal craftsmanship and precision excellence that characterize the historic French maison.

Design and Aesthetic Features

*The **Slim 7** model, famous for its ultra-thin profile and contemporary elegance, is adorned in this edition with a geometric motif that reproduces the complex and hypnotic crystalline structure of agate. The design, dominated by shades of deep blue, is framed and enhanced by a polished **chrome finish**. This choice of material gives the lighter a fresh, modern, and understated prestigious look, ideal for those who appreciate luxury accessories with a minimalist character.*

Technical Specifications and Functionality

From an engineering standpoint, the Slim 7 combines fine jewelry aesthetics with cutting-edge performance:

- ***Blue Torch Flame:** Equipped with a powerful windproof*

blue torch flame, designed to ensure an effective, sharp, and consistent ignition under any weather condition.

- ***Ultra-Thin Profile:*** *With a thickness of just 7 mm, it offers optimal pocket or wallet portability and perfect ergonomics in use.*
- ***Maintenance and Refilling:*** *To maintain the performance of the ignition mechanism over time, the use of official refills from the maison is highly recommended. The compatible gas for this model is the* ***black refill****.*

Delivery Note: *In compliance with international transport safety regulations, the lighter is delivered empty of gas. The refill is sold separately.*
