Valbruna Sandblasted 1 Jellyfish Black Pipe – Italian Handmade Egg Full Bent

The Valbruna Sandblasted 1 Jellyfish is an Italian handmade pipe that offers a balanced and distinctive interpretation of the classic Egg Full Bent shape. Crafted by hand according to the finest Italian pipe-making tradition, it stands out for the smooth, harmonious lines of its bowl and its elegant bend, which ensures a comfortable grip.

This medium-sized version features a medium-small capacity bowl with a slightly conical chamber. The sandblasted finish highlights the natural grain of the briar, giving the surface an attractive tactile

texture.

The black finish lends the pipe a refined and contemporary character, further enhanced by the black acrylic stem, a material appreciated for its durability and ease of maintenance. Completing the design is the silver Jellyfish logo inlaid on the stem, a distinctive detail that reflects the identity of the Valbruna brand.

Designed for enthusiasts seeking a quality Italian handmade pipe, the Valbruna Sandblasted 1 Jellyfish successfully combines classic aesthetics, everyday practicality, and meticulous craftsmanship.
