Handmade in Denmark

Free gift wrapping is included

Peder Jeppesen Ida Gr.4 Tomato Standup Quarter Bent Danish Handmade Pipe

Handcrafted by Peder Jeppesen and graded Ida Gr.4, this pipe represents the quality and attention to detail characteristic of contemporary Danish pipe making. This model features a classic Tomato shape reinterpreted according to the principles of Scandinavian design.

The standup configuration allows the pipe to remain upright when placed on a flat surface, a feature appreciated for both its practical and aesthetic qualities. The smooth matte finish highlights the structure of the briar without altering its natural appearance, offering an authentic view of the material and its grain patterns.

The quarter bent configuration contributes to a comfortable grip and balanced weight distribution. The large bowl, drilled with a cylindrical chamber, is designed to provide generous tobacco capacity.

The stem is made from marbled acrylic, a material valued for its durability and long-term stability, and is fitted with a fishtail bit. The acrylic accent ring, crafted in the same color tone as the stem, creates a harmonious visual continuity that is well integrated into the overall design of the pipe.

This Peder Jeppesen Ida Gr.4 Tomato Standup represents a balanced combination of Danish craftsmanship, functionality, and aesthetic refinement, with carefully considered details designed to enhance the unique character of each individual piece.
