Peder Jeppesen Ida Boutique Gr.3 Sandblasted Bent Danish Handmade Pipe

Danish handmade pipe crafted by Peder Jeppesen and belonging to the Ida Boutique Gr.3 selection, a grade that identifies pieces characterized by carefully selected briar and workmanship carried out according to the principles of the finest Scandinavian tradition. Peder Jeppesen, founder of the Neerup brand, is internationally recognized for his contribution to the modern Danish pipe-making school.

This medium-to-large Bent model features a particularly generous bowl that gives the pipe a substantial presence and a high tobacco capacity. The curvature of the shape promotes comfortable use and a well-balanced overall feel.

The sandblasted finish highlights the structure of the briar and gives the surface a pleasing tactile depth, enhancing the natural character of the material. The robust bowl walls are a distinctive feature of this piece, contributing to its structural solidity and the substantial feel typically associated with generously sized pipes.

The bowl, large and drilled with a cylindrical chamber, is designed to accommodate a significant amount of tobacco and promote an even burn.

The stem is made of black acrylic and fitted with a fishtail bit, a solution appreciated for its comfort, durability, and ease of maintenance. The junction between the shank and stem is enhanced by a decorative band made of acrylic and worked silver.
