Handmade in Denmark

Free gift wrapping is included

Neerup Classic Series Gr. 3 Pipe - Sandblasted Freehand with Double Band

The **Neerup Classic Series Gr. 3 pipe** represents an excellent expression of contemporary Danish manufacturing. Born from the expertise of master pipemaker **Peder Jeppesen**—who trained alongside masters of the caliber of Karl Erik Ottendahl and Erik Nørding before founding his own workshop in Lejre in 2002—this line

perfectly embodies the brand's philosophy: offering the aesthetics and attention to detail typical of handcrafted Danish pipes at an accessible price point.

#### Technical Features and Design

This specific model stands out for its balanced combination of geometric shapes and textured finishes, designed for both the collector and the discerning smoker.

- **Shape and Finish:** This is a medium-sized *freehand* pipe featuring a sandblasted finish.
- **The Shank and Double Band:** The shank is embellished with a decorative insert consisting of a **double band in acrylic and metal**. This detail not only reinforces the structure at the joint points but also creates an elegant chromatic contrast.
- **Stem:** The stem is made of acrylic with a short saddle cut. The Cumberland-style/marbled coloration harmonizes chromatically with the tones of the briar and the band, while ensuring high resistance to time and wear.
- **Bowl and Drilling:** The bowl is spacious, suitable for prolonged smoking sessions. The internal drilling is cylindrical.
