Neerup Classic Series Gr. 3 Pipe - Pot Interpretation with Double Band

The **Neerup Classic Series Gr. 3 pipe** fits into the landscape of contemporary Danish manufacturing. The brand, founded in Lejre in 2002 by master pipemaker **Peder Jeppesen**, was born from his solid experience gained alongside Karl Erik Ottendahl and Erik Nørding.

Design, Geometry, and Technical Features

This specific model reinterprets, in an artisanal key, one of the most traditional and appreciated shapes of classical convention: the *Pot* shape.

- **Shape and Dimensions:** The pipe presents itself as a handcrafted interpretation of the **Pot** shape, characterized by solid lines and medium-sized proportions.
- **Stem and Comfort:** The stem is made of acrylic, a material known for its color stability and resistance to oxidation over time. It features a saddle shaping that tapers into a **fishtail** termination, a combination designed to optimize weight balance on the teeth and offer a comfortable draw.
- **Bowl and Drilling:** The bowl stands out for its generous capacity, ideal for lovers of medium to long smoking sessions. The internal drilling is executed according to a **cylindrical** profile, a geometric choice that ensures regular combustion and a constant draw of the chosen tobacco.
