### **Peder Jeppesen Ida Boutique Gr. 5 Handmade Pipe - Smooth Full Bent with Bronze Band**

**Peder Jeppesen** is one of the most highly regarded contemporary Danish pipe makers. After many years of experience in the world of handmade pipes, he founded the **Neerup** brand, developing a distinctive style that combines the Danish tradition of organic

shapes with a strong aesthetic sensibility.

The **Ida Boutique** line represents a selection of high-grade handmade pipes, distinguished by carefully selected briar and meticulous attention to finishing details. The **Gr. 5** grading identifies premium examples in which both the grain and the overall craftsmanship achieve a particularly high standard.

This **Full Bent** features a smooth contrast finish that beautifully enhances the natural grain of the briar. The rim is finished with a delicate rustication, creating an attractive visual and tactile contrast while adding character to the overall design.

The generously sized tobacco chamber features a **cylindrical bore**, designed to promote an even and consistent burn, making this pipe especially suitable for long, relaxed smoking sessions.

The junction between the shank and the stem is enhanced by a **hand-worked bronze band**, a distinctive detail that adds personality to the pipe while reflecting the meticulous craftsmanship associated with the Danish artisan tradition.

The **short black acrylic stem**, fitted with a **fishtail bit**, completes the design by offering durability, lasting color stability, and a comfortable smoking experience.

Generous in size yet well balanced in its proportions, this **Peder Jeppesen Ida Boutique Gr. 5** is particularly well suited to relaxed armchair smoking, allowing the smoker to fully appreciate its spacious chamber, comfortable handling, and the quality craftsmanship that distinguishes Danish handmade pipes.
