

Valbruna 1 Jellyfish Smooth Light Semi-Bent Handmade Pipe

Cod. Valbruna 038

EUR 280,00 / taxfree 229,51

TECHNICAL SPECIFICATIONS

1. Length	159 mm / 6.26 inch
2. Bowl height	51 mm / 2.01 inch
3. Outside diameter	39 mm / 1.54 inch
4. Chamber diameter	18 mm / 0.71 inch
5. Chamber depth	41 mm / 1.61 inch

 Weight 48.40 gram / 1.71 oz

Filter	NO
Condition	New
Country	Italy
Brand	Valbruna
Finish	Smooth
Shape	Half bent
Material	Briar-root
Stem	Acrylic
Original bag	of the manufacturer
Original box	Al Paschià

FEATURES

Hand Made in Italy

Free gift wrapping is included

Valbruna Smooth Natural 1 Jellyfish Pipe: Fluid Elegance and Natural Details

In the panorama of Italian craftsmanship, **Valbruna** pipes are born from the passion and rigorous approach of Gaudenzi, an artisan capable of imprinting a profound respect for the raw material and a timeless formal elegance into every creation.

The **Smooth Natural 1 Jellyfish** classification represents one of the highest expressions of this manufacture. The smooth finish exposes the purity of the wood, while the light tone maximizes the natural pattern of the briar.

Fluidity of Lines and Textured Contrasts

This model stands out for its medium-sized, semi-bent silhouette, where aesthetic research meets perfect structural balance:

- **The Double Curvature:** The true strength of the design lies in the extraordinary fluidity of the line. The double curvature that develops in harmony between the shank and the stem slenderizes the entire figure of the pipe, granting it visual lightness and elegance.
- **The Bark Witness (Testimone della Corteccia):** A distinctive element and Gaudenzi's poetic signature on this piece is the intentional choice to leave a witness of the original plate's bark at the base of the bowl. This naturalistic detail creates a fascinating contrast between the perfectly polished surface and the raw, ancestral texture of the briar, recalling the living origin and the uniqueness of the block from which the pipe was sculpted.
- **The Stem and the Logo:** The pipe is equipped with a comfortable saddle stem, shaped to guarantee excellent ergonomics to the bite and to lighten the overall weight in the mouth. On the top stands out the precious silver Jellyfish logo, a symbol of recognition for the line and a guarantee of authenticity.

Chamber Architecture and Smoking Performance

From a technical and functional standpoint, the internal architecture is designed to offer a meditative and focused smoking experience:

- **The Chamber (Fornello):** Characterized by a medium/small capacity, it is the ideal choice for contained smokes.
- **Slightly Conical Drilling:** Executed with precision, the chamber drilling narrows in a slightly conical fashion toward the bottom.

Technical Sheet

Brand / Artisan Valbruna di Gaudenzi (Italy)

Classification / Grade Smooth Natural 1 Jellyfish

Model / Shape Medium-sized semi-bent (Slender Design)

Finish Natural light smooth with bark witness at the base

Chamber Capacity Medium / Small

Internal Drilling Slightly conical at the bottom

Stem Type Saddle stem

Details / Symbols Silver Jellyfish logo on the stem

General Character Excellent fluidity of lines, ideal for tasting smokes
