This Neerup Classic Gr. 2 Quarter Bent Semi-Rusticated Pipe perfectly embodies the fusion of the sculptural power of the Danish school and outstanding daily functionality, entirely handcrafted by master Peder Jeppesen. This piece stands out for its striking semi-rusticated finish, a clever interplay of textures where large portions of smooth, highly polished briar—revealing the warm natural grain of the wood—blend with areas finely sculpted by a dense and deep manual rustication. The silhouette is quarter bent (semi curva), ideal both for those who love to hold the pipe in their hand and for those

who prefer a light, restful clench between their teeth. True to Neerup tradition for Group 2, the solid shank is embellished with a decorative double metal and acrylic ring, acting as a prelude to a marbled acrylic stem.
