Peder Jeppesen Ida Boutique Gr.3 Pipe - Semi-Rusticated Lovat with Silver Band

The Ida Boutique Gr.3 pipe bears the signature of master pipe maker Peder Jeppesen. This creation falls within the "Ida Boutique" classification, a series that identifies unique pieces characterized by a high attention to detail and premium inserts.

Geometry, Shape, and Working of the Briar

The model is developed as a personal artisanal reinterpretation of the classic Lovat shape. The straight silhouette maintains the characteristic round and elongated shank proper to this shape. Furthermore, the skillful weight distribution at the base of the bowl allows the pipe a stable and autonomous **stand-up** posture on smooth surfaces.

The finish is **semi-rusticated**. The upper rim of the bowl is rounded, an aesthetic choice that softens the line of the head.

Premium Inserts and Components

The junction point between the shank and the stem is embellished with an **important worked silver band**, which provides structural stability to the mount and serves as an element of chromatic contrast.

The stem is a **short saddle stem**, made of marbled acrylic.

Technical Specifications of the Bowl

- **Bowl:** Characterized by a generous capacity.
- **Drilling:** The bowl features a regular cylindrical drilling.
