

Talamona Mini Reverse Smooth Pipe 3-Stem Set | Al Pascià

Cod. Talamona 111

EUR 300,00 / taxfree 245,90

TECHNICAL SPECIFICATIONS

1. Length	123 mm / 4.84 inch
2. Bowl height	45 mm / 1.77 inch
3. Outside diameter	46 mm / 1.81 inch
4. Chamber diameter	19 mm / 0.75 inch
5. Chamber depth	35 mm / 1.38 inch
 Weight	62.50 gram / 2.20 oz
Filter	NO
Condition	New
Country	Italy
Brand	Talamona
Model	Reverse Calabash
Finish	Smooth
Shape	Bent
Material	Briar-root
Stem	Acrylic
Ornament	Acrylic
Original bag	of the manufacturer
Original box	of the manufacturer

FEATURES

Made in Italy

3 acrylic stems and 1 pipe tamper

Free gift wrapping is included

Talamona by Paolo Croci Pipe - Smooth Mini Reverse with 3-Stem Set

The Mini Reverse pipe represents an interesting technical and design evolution within the catalog of Talamona, a historic Italian brand skillfully relaunched and guided by Paolo Croci. This creation combines structural compactness with the engineering effectiveness

of the expansion chamber system, offering a dynamic and highly customizable smoking experience thanks to the included modular accessories.

The Reverse Calabash System and Geometry

The model is structured around a classic **Bent Apple** silhouette, reinterpreted to accommodate the **Reverse Calabash** mechanics. In fact, an expansion chamber (hollow shank) is carved inside the shank, positioned before the stem. This empty space acts as a condensation chamber: by expanding inside it, the smoke undergoes a natural reduction in temperature and deposits excess moisture, ensuring a cool and dry smoke, similar to that of traditional gourd Calabash pipes.

Finish, Aesthetic Details, and Modular Set

The body of the pipe features a **smooth finish with a dark matte coloration**, a sober and elegant chromatic choice that emphasizes the compactness of the lines. The junction point between the shank and the stem section is embellished with a **white acrylic band**, which creates a sharp and pleasing visual contrast.

The true distinctiveness of this offering lies in its versatility of use, guaranteed by a complete set of coordinated accessories:

- **3-Stem Set:** The pipe comes with **three different acrylic stems** (one short, one medium, and one long). This modularity allows the smoker to transform the appearance and overall length of the artifact according to personal preferences and the moment of use.
- **Coordinated Pipe Tool:** A practical **acrylic and metal pipe tool** accompanies the set.

Technical Specifications of the Bowl

- **Bowl:** The combustion chamber settles on a **medium capacity**.
- **Drilling:** The inside of the bowl is executed with a **drilling that is slightly conical** toward the bottom.
