Original box	of the manufacturer

FEATURES

Sasieni 4 Dot Walnut

Sasieni pipe holder included in the price.

Free gift wrapping is included

Smooth Quarter-Bent Sasieni Pipe

The **quarter-bent Sasieni pipe with a smooth finish** is distinguished by its balanced and harmonious line.

Technical Specifications and Design

- **Shape and Balance:** The subtle curvature (*quarter bent*) distributes the weight leverage evenly, making the pipe comfortable to hold between the teeth and pleasant to grip.

- **Thick-Walled Bowl:** The generous amount of briar surrounding the chamber ensures excellent thermal insulation. This guarantees a cool smoke and protects the briar over time.
- **Cylindrical Drilling:** The internal craft of the medium-capacity chamber features a regular cylindrical drilling.
- **Ebonite Saddle Stem:** The stem with a saddle fitting is made of ebonite, a material valued for its softness.

Included Accessories

The pipe comes with a **practical protective pipe pouch**, embellished with an **embossed Sasieni logo**, ideal for storing or transporting the instrument in complete safety.
