Smooth Straight Rhodesian Compact Sasieni Pipe

The **smooth-finished Rhodesian Sasieni pipe** is an instrument with a compact profile and great character. Characterized by a slightly squat (shortened and compact) proportion, this straight pipe stands out for its small dimensions and strong aesthetic personality.

Technical Specifications and Design

- **Squat Rhodesian Shape and Compactness:** The classic Rhodesian line, with its characteristic grooves encircling the upper part of the bowl, is interpreted in a short and compact design. This geometry ensures an exceptional grip and excellent handling.
- **Small-Capacity Bowl (Ideal Coffee Break):** The chamber features a small capacity and regular cylindrical drilling. This configuration is specifically designed for short, concentrated smokes, ideal for break times during the day.
- **Smooth Finish:** The smooth surface enhances the natural pattern and grain of the briar, highlighting the quality of the material and the precision of the craftsmanship.
- **Ebonite Stem:** The straight stem is made of ebonite.

Included Accessories

The pipe comes with a **practical protective pipe pouch**, customized with an **embossed Sasieni logo**, perfect for storing or transporting the instrument safely.

Usage Note: Due to its compact size and small chamber capacity, this model proves to be the ideal choice for enjoying fine tobacco blends even when time is limited.
