Danish Neerup Pipe Classic Series Grade 2 - Design by Peder Jeppesen

The **Neerup Classic Series Grade 2 pipe** is an example of contemporary Danish craftsmanship, designed and crafted by master artisan Peder Jeppesen. Characterized by a semi-bent design and medium dimensions, this pipe combines Nordic pipe-making tradition with a modern, functional aesthetic.

Technical Specifications and Design

- **Sandblasted Finish:** The sandblasted finish highlights the structure of the briar, offering an excellent tactile feel and a firm, comfortable grip.
- **Semi-Bent Geometry:** The balance between bowl and shank ensures an optimal weight distribution, making the pipe comfortable both held in the teeth and in the hand.
- **Good Capacity Bowl:** The chamber, with regular cylindrical drilling, offers a generous capacity, ideal for medium to long smokes.
- **Short Acrylic Saddle Stem:** Made of oxidation-resistant acrylic, the stem features a short saddle design that gives the instrument a compact profile.
- **Shank Detail (Double Band):** The shank is enhanced by a double band made of metal and acrylic.

Usage Note: The acrylic stem requires minimal maintenance and retains its shine over time. The bowl capacity and consistent cylindrical drilling make it a reliable and enjoyable pipe for daily use.
