Valbruna Sandblasted 2 Jellyfish Pipe – Bent Freehand Tomato

In his workshop in Gabicce Mare, craftsman Simone Gaudenzi shapes Valbruna pipes. This model, graded as **Sandblasted 2 Jellyfish**, represents a personal and dynamic freehand interpretation of the classic Tomato shape.

The pipe stands out for its medium-sized bent silhouette. The thoughtfully shaped base allows it to balance on its own (*stand-up*)

on flat surfaces without requiring a pipe stand. It features a fine, uniform sandblast that highlights the natural grain of the briar, offering a pleasant and tactile texture to the touch.

Mechanics and Smoking Experience

From a mechanical standpoint, the chamber provides a standard capacity, suitable for a wide variety of tobacco blends. The chamber drilling is slightly conical.

The black acrylic stem, carefully shaped to ensure maximum comfort on the bite, completes the structure by offering durability over time and ease of maintenance.
