2.	Bowl height	40 mm / 1.57 inch
3.	Outside diameter	48 mm / 1.89 inch
4.	Chamber diameter	19 mm / 0.75 inch
5.	Chamber depth	30 mm / 1.18 inch
	Weight	72.90 gram / 2.57 oz
	Filter	**NO**
Condition		New
Country		Italy
Brand		Valbruna
Model		Freehand
Finish		Sandblast
Shape		Bent
Material		Briar-root
Stem		Ebonite
Original bag		of the manufacturer
Original box		Al Pascià

FEATURES

Hand Made in Italy

Free gift wrapping is included

Valbruna Calypso Sandblasted 1 Jellyfish Pipe – Black Freehand with Fishtail Stem

Handcrafted entirely in his workshop in Gabicce Mare by Simone Gaudenzi, this pipe belongs to the **Valbruna** line, recognizable by the unmistakable stylized silver jellyfish on the top of the stem. The piece falls under the **Calypso Sandblasted 1 Jellyfish** grading, where surface crafting meets a refined geometric design.

The pipe features a medium-sized freehand silhouette,

characterized by a deep black sandblasted finish that highlights the tactile texture of the briar. The most prominent stylistic feature is the shank, which starts narrow at the junction with the bowl and then widens dramatically and dynamically toward the stem junction, creating a fluid line.

Technical and Construction Features

- **Craftsman:** Simone Gaudenzi (Valbruna)
- **Origin:** Gabicce Mare, Italy
- **Grade / Finish:** Calypso Sandblasted 1 Jellyfish (black color)
- **Shape:** Freehand
- **Size:** Medium
- **Chamber:** Medium-small capacity with cylindrical drilling
- **Shank:** Flared (from narrow to wide)
- **Stem:** Black ebonite with a fishtail termination and stylized silver jellyfish inlay

Mechanics and Smoking Experience

From a functional standpoint, the medium-small chamber capacity is ideal for shorter smokes or for tasting blends that require a smaller charge to best express their subtle flavor nuances. The cylindrical chamber drilling ensures a smooth, consistent draw from start to finish.

The stem is made of black ebonite and ends with a fishtail bit. An artisanal creation that combines formal originality with mechanical balance.
