Ser Jacopo L1 A Maxima Pipe – Smooth Quarter Bent Horn with Saddle Acrylic Stem

The **Ser Jacopo L1 A Maxima** is an Italian handmade pipe that embodies the balance between aesthetic refinement and functionality that characterizes the brand's production. Belonging to the **L1 A Maxima** grade, this model interprets the classic **Horn** shape with harmonious proportions and a **quarter bent** profile, offering a natural grip and excellent weight distribution.

The bowl is medium-sized yet generously proportioned and features a slight forward **cant**, a characteristic that helps keep the tobacco chamber in a more vertical position during smoking. This configuration promotes an even burn and makes the pipe particularly comfortable to smoke.

The **smooth** finish highlights the quality of the briar and enhances its natural grain. The bowl's robust walls provide substantial wood mass around the tobacco chamber, while the generously sized bowl, **cylindrically drilled**, offers a capacity suitable for long, consistent smokes.

The stem is made of **black acrylic** with a **saddle** profile and a slightly **fishtail** bit, a combination that provides comfortable clenching, excellent wear resistance, and easy maintenance. Set into the top of the stem is the distinctive **silver "J"**, a hallmark of Ser Jacopo production.

The combination of well-balanced proportions, the Horn shape, and the gentle bend makes this pipe suitable for everyday use as well as for smokers who appreciate an elegant shape with a generous tobacco chamber and a particularly ergonomic grip.

Key Features

- **Brand:** Ser Jacopo
- **Grade:** L1 A Maxima
- **Origin:** Handmade in Italy
- **Shape:** Quarter Bent Horn
- **Finish:** Smooth
- **Bowl:** Slightly canted forward
- **Tobacco chamber:** Generously sized, cylindrically drilled, with robust bowl walls
- **Stem:** Black acrylic, saddle, slightly fishtail bit
- **Distinctive detail:** Silver "J" inlaid into the top of the stem
- **Characteristics:** Excellent balance, ergonomic grip, and an even burn encouraged by the forward-canted bowl.
