Caminetto Italian Handcrafted Pipe – Rusticated Half-Bent Horn Shape

Recognized worldwide by the famous stylized "mustache" symbol on the stem, Caminetto pipes are appreciated by collectors and enthusiasts for the balance between aesthetics, briar selection, and smoking performance. Every pipe is the result of meticulous craftsmanship, designed to offer a rewarding and lasting experience.

This creation stands out for its half-bent Horn silhouette, a classic shape revisited with slender and extremely elegant lines. The rusticated finish on the body gives the pipe a surface with great tactile and visual character, contrasted by the top rim of the bowl, intentionally left smooth and flat.

The bowl is spacious, ideal for slow and contemplative smokes. The tobacco chamber features a subtle taper towards the bottom. Completing the architecture of the model is the black acrylic stem with a half-saddle cut, shaped to ensure a comfortable bite between the teeth and embellished with the distinctive trademark on the top.
