Ser Jacopo Maior A S1 Pipe - Bent Com Paul / Chubby

This handcrafted pipe produced by the renowned Ser Jacopo manufacture in Pesaro offers a distinct interpretation of the classic Com Paul shape. Belonging to the sought-after Maior A S1 grading, the pipe stands out for its compact design and full chubby proportions, engineered to deliver exceptional ergonomics both in the hand and during the smoke.

The pronounced bend of the shank and stem is designed to ensure optimal weight distribution in the mouth, making this model remarkably well-balanced and ideal for hands-free smoking on the go. The bowl houses a generous chamber with slightly conical drilling, a technical feature chosen to promote an even and progressive burn of the tobacco.

The black acrylic saddle stem provides a sleek contrast to the compact body and is embellished with the iconic silver 'J' inlay on top—the hallmark of authenticity and continuity in the Ser Jacopo tradition.
