Ser Jacopo L1 Pipe - Smooth Bent Billiard

Ser Jacopo, founded in Pesaro in 1982 by Giancarlo Guidi, is one of the most representative brands of the Pesaro school of Italian artisan pipes. The brand is renowned for its bold and generous shapes, combined with refined briar crafting and the use of precious materials such as silver and gold. The motto "Per aspera ad astra" sums up the search for technical and formal excellence that characterizes its production. Iconic is the detail of the silver 'J' on top of the stem.

This model, belonging to the L1 classification, offers a bent interpretation of the classic Billiard shape in a medium size, defined by a solid and well-proportioned structure. The smooth finish highlights the natural grain of the briar, framing a bowl with thick walls engineered to ensure excellent thermal insulation throughout the smoke.

The generous chamber features cylindrical drilling to deliver a consistent draw and an even burn. The design is completed by a curved black acrylic stem, decorated with the brand's signature silver 'J' inlay.
