This Italian handcrafted Valbruna pipe is a unique Freehand piece, designed and hand-shaped by Simone Gaudenzi in his workshop in Gabicce Mare. The item carries the classification **Sandblasted 1 Jellyfish**, featured by a sandblasted finish that highlights the natural grain of the briar, offering a structured surface with a tactile feel.

The structure of the pipe falls under the **Standup** style, designed with a flat bottom that allows it to rest upright unsupported. The spacious bowl, featuring a chamber with a slight taper toward the

bottom, ensures optimal combustion control. On the top rim of the bowl, the natural **bark top** has been preserved, leaving the raw plateau crust visible in a pleasant contrast with the sandblasted body.

The mouthpiece is cut from a rod of black acrylic and features a silver inlay of the Jellyfish logo on the top—the craftsman's distinctive symbol.
