Ser Jacopo L2 Historica 2027 Limited Edition - No. 02

We are proud to present, as a world premiere, this masterpiece of Italian craftsmanship: the **Ser Jacopo Historica 2027**, a unique collector's piece bearing **number 02**.

The Historica Series: History and Philosophy of an Annual Edition

Within the landscape of Pesaro-based craftsmanship,

the **Historica** series holds a position of absolute prominence. Introduced as the **"Pipe of the Year,"** this line is conceived to celebrate important milestones, significant anniversaries, or themes inspired by art and history connected to the company founded in 1982 by Giancarlo Guidi.

Unlike the continuous production line, each annual **Historica** edition is characterized by:

Strictly Limited Production: It is produced in a small, rigorously numbered quantity of pieces intended for collectors around the world.

Exceptional Briar: It exclusively uses briar blocks selected for their grain and freedom from imperfections, crafted in the finest finishes offered by the manufactory, from smooth **L** finishes to special sandblasted and rusticated finishes.

Symbolism and Commemorative Details: It is characterized by solid 925 sterling silver fittings featuring commemorative engravings specific to the year of production.

This particular example carries extraordinary historical significance: the silver ferrule is engraved with the inscription **1982-2027**, commemorating the **45th anniversary of the brand's founding**.

Technical Specifications and Features

Manufacturer: Ser Jacopo (Pesaro, Italy)

Series / Classification: Historica 2027 - L2 (Natural Smooth)

Edition: Limited and numbered (Example No. 02)

Shape: Curved Horn (Medium/Large)

Finish: Natural smooth

Bowl: Generously sized, with angled drilling and a slightly conical bottom

Ferrule: Engraved solid silver ("45°" on the back / "1982-2027" on the base)

Stem: Black acrylic with mother-of-pearl band and silver "J" logo

Button: Standard, with a wide mouthpiece

Pipe Architecture and Smoking Engineering

Shape and Finish: The bent **Horn** shape develops through fluid and slender lines, enhanced by the **L2 natural smooth finish**, which allows the natural beauty of the wood to show through. Its medium/large size provides ideal balance and a firm, comfortable grip.

Bowl and Mechanics: The bowl stands out for its generous

capacity and for an internal construction designed with functional performance in mind. The **angled drilling**, combined with a slightly conical bottom, promotes a regular draw and facilitates an even combustion of the tobacco down to the base of the chamber.

Commemorative Ferrule: A central element of this model is the solid silver ferrule. The **45°** engraving stands out on the back, while the date **1982-2027** is engraved on the base, marking forty-five years of the brand's history.

Stem and Signature Details: Made of black acrylic, the stem terminates in a relatively wide, flattened button designed to provide a stable resting point on the teeth. The prestigious element is the mother-of-pearl acrylic band, enhanced on the back by the iconic silver **"J"**, Ser Jacopo's hallmark and guarantee of authenticity.

Collectible Value

Included in the prestigious chronology of the **Historica** series and bearing **serial number 02**, this pipe represents a union of aesthetics, craftsmanship, technical refinement, and exclusivity.
