Valbruna Pipe – Natural Smooth Calipso 2 Jellyfish (Sitter Full Bent)

Valbruna Pipe – Natural Smooth Calipso 2 Meduse (Sitter Full Bent)

This handcrafted pipe represents the expression of Italian craftsmanship by **Simone Gaudenzi**, created in his workshop in Gabicce Mare. The model features a **freehand** Sitter shape, designed to provide a stable resting position, combined with a pronounced **Full Bent** curvature that ensures balance while

smoking.

General Features and Finish

This piece belongs to the **Natural Smooth** grading, a finish that allows the natural grain of the selected briar to emerge without artificial color alteration.

- **Rim:** Retains its natural finish with a *bark top* (visible bark along the upper rim), a detail that highlights the original briar block and the artisanal, rough-cut character of the piece.
- **Bowl:** Features a medium capacity, suitable for tobacco loads of moderate and balanced duration. The internal drilling has a slight taper toward the bottom, intended to promote an even combustion of the tobacco blend and proper moisture management.
- **Stem:** Saddle-bit design (*saddle bit*) made of polished black acrylic, shaped to provide comfortable biting and ease of maintenance over time.
