**L'Anatra dalle Uova d'Oro – Calenda 2027 Pettinata (Example 01/99)**

This handcrafted pipe represents a piece of considerable collector interest, produced by the Italian workshop **L'Anatra dalle Uova d'Oro**. The piece belongs to the prestigious **Calenda** series, the brand's **"Pipe of the Year"** line. Each edition of the Calenda series features a specific stylistic design produced in a limited and

numbered run, interpreted through different surface finishes.

The model bears the **01-99** hallmark on the shank, identifying it as the first piece produced within the limited edition of 99 pipes for the reference year **2027**.

The Pettinata Finish and Construction Details

The piece features a **freehand** shape with a curved profile and medium dimensions, designed to provide optimal balance and a comfortable grip:

- **Pettinata Finish:** The "Pettinata" surface treatment creates a texture of raised lines and linear grooves across the briar, enhancing its tactile character, increasing the heat-dissipating surface area, and providing a distinctive grip.
- **Bowl and Combustion Chamber:** The bowl has a medium capacity. The internal drilling features a regular cylindrical section designed to ensure consistent airflow and facilitate even combustion of the tobacco throughout the full depth of the bowl.
- **Silver Band:** The shank is enhanced by a wide fitted silver band, bearing the engraved number **01-99** on one side and the date **2027** on the other.
- **Stem:** Made of black acrylic with a tapered profile (*tapered stem*), terminating in a slightly widened **fishtail** bit designed to promote an even distribution of smoke flow and provide prolonged biting comfort.
