Ser Jacopo S1 Maior A Sandblasted Dublin Pipe

Cod. Ser Jacopo 2326

EUR 230,00 / taxfree 188,52

TECHNICAL SPECIFICATIONS

1.	Length	147 mm / 5.79 inch
2.	Bowl height	51 mm / 2.01 inch
3.	Outside diameter	53 mm / 2.09 inch
4.	Chamber diameter	21 mm / 0.83 inch
5.	Chamber depth	35 mm / 1.38 inch
	Weight	63.20 gram / 2.23 oz
	Filter	**NO**
Condition		New
Country		Italy
Brand		Ser Jacopo
Model		Dublin
Finish		Semi Sandblasted, Semi Rusticated
Shape		Half bent
Material		Briar-root
Stem		Acrylic
Original bag		of the manufacturer
Original box		of the manufacturer

FEATURES

Hand Made in Italy

Free gift wrapping is included

Ser Jacopo S1 Maior A – Sandblasted Half-Bent Dublin Pipe

Handcrafted Ser Jacopo S1 Maior A Pipe – Half-Bent Dublin

This handcrafted Italian pipe by **Ser Jacopo**, crafted in the historic manufacture of Pesaro, belongs to the **S1 Maior A**grade and presents an artisan interpretation of the classic **Dublin** shape.

The pipe features a medium-sized half-bent structure, characterized

by a generous bowl and an oval-section shank. The design maintains balanced proportions, enhancing both the bowl's presence and the fluid lines of the half-bent geometry.

Shape and Briar Craftsmanship

The Dublin shape is reinterpreted through a distinctive surface treatment: the sandblasted finish is interspersed with rustic passages, creating a unique tactile texture reminiscent of a volcanic/lava surface.

This specialized process endows the briar with a dynamic, three-dimensional surface where the alternating textures help define the bold character of the piece.

The large bowl is constructed with exceptionally thick walls around the chamber. This design choice aids heat management during the smoke, helping keep the outer surface cooler to the touch.

Tobacco Chamber and Construction Details

The bowl offers a medium capacity, suitable for well-balanced smoking sessions. The drilling is slightly conical at the bottom of the chamber, a structural detail that complements the internal geometry toward the draft hole.

The thick walls of the bowl represent one of the defining structural features: the increased briar mass surrounding the combustion chamber aids in heat dissipation and enhances thermal stability during use.

The oval shank smoothly follows the flow of the bowl, transitioning seamlessly into the overall half-bent shape.

Stem

The mouthpiece is crafted from durable black acrylic with a **saddle bit** profile. Its line follows the pipe’s subtle curve while maintaining a refined, cohesive alignment with the Dublin architecture.

Technical Specifications

Brand Ser Jacopo

Manufacture Pesaro, Italy

Grade / Classification S1 Maior A

Shape Dublin

Geometry Half-bent (Semicurva)

Size Medium

Bowl Large, with thick briar walls

Shank Oval

Finish Sandblasted with lava-effect rusticated accents

Chamber Size Medium capacity

Drilling Slightly conical at the bottom

Stem Material Black acrylic

Stem Profile Saddle bit

A distinctive creation that combines Ser Jacopo's renowned Pesaro craftsmanship with a bold, lava-textured finish and a solid, heat-resistant Dublin geometry.
