Finish		Smooth
Shape		Bent
Material		Briar-root
Stem		Acrylic
Ornament		Metal
Original bag		of the manufacturer
Original box		of the manufacturer

FEATURES

Handmade in Italy - copper adornment

Free gift wrapping is included

Caminetto Event 2019 Brown Pipe

We are pleased to present a highly interesting piece for enthusiasts and collectors: the **Caminetto Event 2019 Brown**. This model embodies the essence of Italian craftsmanship and the stylistic research that has long distinguished the production of the historic Caminetto workshop.

The Event Series: Historic Tradition and Authorial Reinterpretation

Within the world of Italian briar pipes, **Caminetto Event** pipes hold

a special place, representing the brand's reinterpretation of the **“Pipe of the Year”** concept. Launched in 2013, this annual series was conceived by **Tommaso “Tommy” Ascorti**, grandson of the founder, **Giuseppe “Peppino” Ascorti**.

The philosophy behind the series is based on three fundamental principles:

- **Drawing from the archives:** Each year, a historic shape is selected from Peppino Ascorti's original design book.
- **Contemporary reinterpretation:** The historic forms are revisited and updated to suit the tastes and needs of modern smokers.
- **The copper signature:** A defining feature of the entire collection is the copper ferrule, which creates a visual and distinctive link between the different annual editions.

Aesthetic Analysis and Construction Details

Stand-up Full Bent Architecture

The 2019 edition features a distinctly curved **Stand-up, full-bent shape** of medium size. This geometry provides excellent weight distribution while smoking, reducing pressure on the jaw, while also allowing the pipe to remain upright when placed on a flat surface.

Smooth “Brown” Finish

Unlike the **Skin** version, the **Brown** variant features a completely smooth finish. The surface highlights the natural pattern and grain of the briar, enhanced by a warm brown stain. The flat, overhanging rim surrounding the bowl follows the same smooth treatment, creating visual continuity across the entire bowl.

Bowl and Mechanics

The bowl offers a generous capacity, making it suitable for medium-to-long smoking sessions. The cylindrical bore ensures a regular airflow and an even tobacco burn.

Copper Ferrule and Stem

At the junction between the shank and stem, the distinctive **solid copper ferrule** stands out, embellished with engravings reading **“Event”** on one side and **“2019”** on the other. The black acrylic stem terminates in a **fishtail bit**, providing a comfortable bite.

Technical Specifications

Manufacturer Caminetto (Italy)

Series / Year Event – 2019

Classification / Finish Brown (Smooth)

Shape Curved Stand-up (Full Bent) – Medium Size

Bowl Generous capacity, flat rim, cylindrical bore

Ferrule Solid copper with “Event” and “2019” engravings
