Made in England (made in 2026)

Free gift wrapping is included

Dunhill The White Spot County 2106 – Sandblasted Pot

The Dunhill The White Spot model 2106 is a recent English pipe produced in 2026, belonging to the County finish series. It is a small sandblasted Pot featuring compact proportions and a classic shape, with a particular emphasis on balancing practicality and elegant lines.

The bowl displays a uniform sandblast, while the flat, smooth rim

provides a refined contrast against the textured surface and crisply defines the top of the chamber. Its compact size makes the 2106 exceptionally easy to handle and well-suited for daily use.

The Cumberland stem features a tapered design with a subtle fishtail bit. The distinctive mottled tones of the Cumberland integrate seamlessly with the County finish, preserving the pipe's understated aesthetic.

The small-to-medium chamber has standard cylindrical drilling. Together with the pipe's overall dimensions, the chamber capacity makes it ideal for shorter smoke sessions when you want a compact pipe without sacrificing classic style.

The Dunhill The White Spot 2106 County brings together key hallmarks of traditional English pipe making in a compact format: sandblasted craftsmanship, a smooth rim, a Cumberland stem, and a well-balanced, functional Pot shape.
