The Arzuaga Panel Semi-Sandblasted pipe is a distinctive artisan creation offering a refined geometric spin on the classic **straight Panel** shape. Defined by its faceted bowl architecture, this piece showcases a clever **semi-sandblasted finish**: dark, tactile sandblasting is selectively applied only to the side facets, while the surrounding surfaces remain smooth and polished. This deliberate contrast between rough texture and smooth briar highlights the sharp geometric lines and natural grain flow. Harmonizing with its straight, balanced profile is a fitted **straight marbled acrylic**

stem, whose swirled patterns inject a vibrant, contemporary personality into the design. A characterful artisan pipe crafted for smokers who admire architectural facets and dual-texture craftsmanship.
