The Neerup Classic Group 5 Tomato pipe is an expression of Danish freehand design, crafted by master pipe maker Peder Jeppesen. Shaped into a **semi-bent Tomato** silhouette, it features a plump, rounded, squat bowl that delivers an exceptionally comfortable and ergonomic in-hand feel. The generous **Group 5** size classification provides ample chamber capacity and excellent heat retention. Its sophisticated **matte smooth finish** subtly highlights the briar's natural grain patterns while offering a soft, velvety tactile

experience. Adding a modern accent to the shank is a polished **metal ring**, forming a clean visual transition to the **semi-bent dark marbled acrylic stem**, whose deep swirled tones enhance the overall character of this artisan creation.
