Handmade Mimmo Romeo Pipe - Natural Smooth Freehand, Quarter Bent

The creations of **Mimmo Romeo** represent one of the finest expressions of Italian and European artisanal pipe-making, admired by collectors around the world. Based in Taggia, Liguria, Italy, Mimmo Romeo holds a unique position in the world of pipe smoking:

even before being recognized as an exceptional pipe maker, he is regarded as one of the most highly respected briar cutters on the international stage.

His profound understanding of the raw material allows him to interpret the structure of each briar burl from the earliest stages of production. His pipes are therefore conceived as unique pieces and organic sculptures, in which the geometry always follows the natural grain of the wood. The result combines striking artistic expression with meticulous smoking engineering.

Design and Profile: Freehand Quarter Bent

This pipe features a **freehand design** with a **quarter-bent silhouette** and medium proportions, carefully conceived to provide comfortable balance both when held in the hand and when clenched between the teeth.

- **Flow and Proportions:** Fluid lines follow the natural contours of the briar, giving the pipe a dynamic yet harmonious profile.
- **Bowl and Bore:** The tobacco chamber has a medium capacity and a **slightly tapered bore**, designed to promote consistent airflow and support an even burn throughout the entire tobacco charge.

The Briar: Natural Smooth Finish and Exceptional Clarity

Crafted from an exceptionally high-quality briar slab, the pipe features a **natural smooth finish**, free from stains or corrective treatments, designed to reveal the wood in its purest form.

- **Grain Transparency:** The briar is exceptionally clean, highlighting the crisp definition of the grain and the natural luminosity of the burl.
- **Grain Structure:** The contrast between the flame grain and the bird's-eye areas reflects the perfect harmony between the original briar cut and the shaping of the bowl.

The shank incorporates an elegant **warthog tusk collar**, whose ivory tone creates a refined contrast in both color and texture.

The short stem is entirely handmade from a rod of **Cumberland**, featuring a **fishtail flare** designed to provide a stable, comfortable bite and optimal smoke delivery.

Technical Specifications

Artisan / Brand Mimmo Romeo (Taggia, Italy)

Piece One of a kind / Freehand

Shape Freehand, Quarter Bent

Finish Natural Smooth

Size Medium

Bowl Capacity Medium
