Caminetto Event 2017 Natural Pipe 9mm Filter

Cod. Caminetto 177

EUR 690,00 / taxfree 565,57

TECHNICAL SPECIFICATIONS

1.	Length	124 mm / 4.88 inch
2.	Bowl height	43 mm / 1.69 inch
3.	Outside diameter	34 mm / 1.34 inch
4.	Chamber diameter	19 mm / 0.75 inch
5.	Chamber depth	35 mm / 1.38 inch
	Weight	36.80 gram / 1.30 oz
	Filter	**YES**
Condition		New
Country		Italy
Brand		Caminetto
Model		Oval Chamber
Finish		Smooth
Shape		Straight
Material		Briar-root
Stem		Acrylic
Ornament		Metal
Original bag		of the manufacturer
Original box		of the manufacturer

FEATURES

Handmade in Italy - copper band

9mm filter pipe

9mm adapter for smoking without filter included

Free gift wrapping is included

Caminetto Event 2017: The Elegance of the Smooth Natural Ovalina Shape

The **Caminetto Event 2017** pipe was born in the artisan workshop of this historic Italian brand, renowned worldwide and affectionately

known as *“La Pipa del Baffo”* (The Pipe with the Moustache).

Manufactured in 2017, this particular piece belongs to the prestigious annual **Event** series, a collection conceived to rediscover and reinterpret the brand's historic designs through harmonious proportions and carefully refined construction details.

Design and Geometry: A Smooth Natural “Faux Ovalina”

This pipe features a **straight** shape and **small-to-medium dimensions**, making it exceptionally lightweight, easy to handle and convenient to carry:

Smooth Natural Finish: The briar is crafted with a natural smooth finish, without any opaque colouring. This choice highlights the selected quality of the briar block, allowing the wood's original grain patterns to emerge in all their natural beauty.

The Ingenuity of the “Faux Ovalina”: Externally, the bowl displays the slender, compact profile of the classic Ovalina shape, designed to be particularly slim in the pocket and comfortable to hold. However, this is a refined **“faux Ovalina”**: the inside of the bowl does not feature a flattened tobacco chamber, but rather a conventional cylindrical chamber. This clever solution combines the streamlined appearance of the external oval profile with the consistency and smoking performance of a traditional cylindrical chamber.

Construction Details: Copper Band and Moustache Mouthpiece

The junction between the shank and the mouthpiece is enhanced by the iconic features that distinguish this commemorative series:

Engraved Copper Band: An elegant copper band is fitted to the shank. This warm-toned metal creates a refined colour contrast with the natural hues of the briar. The inscriptions **Event** and **2017** are finely engraved on the sides of the band, identifying the pipe's annual edition.

Black Acrylic Mouthpiece: The tapered mouthpiece is crafted from glossy black acrylic, a material appreciated for its durability and long-lasting stability. It features a standard, comfortable bit that sits naturally between the teeth. The unmistakable **white stylised moustache logo** stands out on the upper side, serving as the historic emblem of the Caminetto brand.

Tobacco Chamber Geometry and Smoking Performance

Medium-Capacity Tobacco Chamber: Despite its compact external dimensions, the cylindrical chamber offers a well-balanced capacity, ideal for medium-length smoking sessions and easy tobacco management.

Slightly Tapered Airway: The internal draft hole is drilled with a slight taper towards the bottom of the tobacco chamber. This

technical feature is designed to channel airflow and ensure an even, consistent and dry burn right down to the bottom of the bowl.

Technical Specifications

- **Brand:** Caminetto (“La Pipa del Baffo”)
- **Origin:** Italy (handcrafted artisan production)
- **Series / Year:** Event 2017 (manufactured in 2017)
